CUSTOMER SERVICES offers the following news.....

TINA HENAULT is new employee in the department, as Flake Hewett's secretary and we welcome her. Also, Bob Fowler is now Administrative Assistant to the Director, and Juanita Hogan is on board as Research Analyst.

LOIS GREEN was given a farewell luncheon at "Brothers" last Friday. She is transferring to the Blue Cross Claims department as a telephone information clerk.

In addition to being loved by so many Blue Cross-Blue Shield employees, Marilou Watson's beam has spread to subscribers who are sending her "thank you" bouquets galore.

RICKY and DIANE STARLING are anxiously anticipating moving into their new home on Trout River. Their son Randy will really enjoy playing on 1-1/2 acres of land. Personally, Diane, Ricky should have company (a baby brother or sister) to share all of that yard space with him.

If someone you love is having a birthday and you have forgotten to remember, ask Tina Henault the rates on her singing telegrams.

JOE STANLEY visited relatives in Virginia during her vacation and she reports pleasant weather (more than we can say for Jax of late) and the bringing home of lots of fresh fruit and vegetables.

BARBARA MURRAY rushes home every afternoon to her new apartment for a busy, busy evening. By the way, her landlord is none other than Ray Chaffin, Manager Blue Cross Claims How's that for luck!

ROGER MCDONELL has a recipe for the best cole slaw in town. He says it can be kept under refrigeration for up to 6 months?! And the longer it stands the better it tastes. (Anyone willing to chance it let me know how it turns out.)

To those of you anticipating the Employees Club Trip to Nashville and the Grand Ole Opry, we suggest you talk with Mary Bowen who just returned from Tennessee. Mary enjoyed the trip very much.

FROM 10 MAIN

We all welcome HELEN WELLS back from her trip to England. She has

lots of pictures to show everyone of her two grandchildren...one of whom she had never seen before. Little granddaughter did things up just right...she started walking the day after Grandma and Grandad arrived. Her trip also included a weekend in London.

Sharonlee Peacock has returned to us minus a few pounds and her tonsils. (I've heard of crash diets but that's ridiculous!)

JAN ENGLISH came toddling back from her two week vacation very tanned. She managed to make it to the beach every day despite the weather.

Speaking of the weather....I grew up across the street from one of our local TV weathermen (I refuse to say who) and when I saw him while ducking between raindrops on the way to the local Pic N' Save a few days ago, I told him I was considering tearing his picture out of my high school annual....He just smiled bravely, opened his raincoat and showed me his "Hang In There Kid...Things Could Be Worse" T-shirt. (Really he is nice guy and the rain even interfered with his vacation plans!)

RED

Good news for the PATIO FOR LUNCH BUNCH! I understand more tables are on the way...The patio has become so popular for lunch it has become standing room only for us brown baggers. I personally feel, the patio is one of our nicest fringe benefits.

Happy Birthday to Pat Kidd, Elise Smith and  
any one else with a natal day in August!

BYE!
